

BEST PRACTICE APPROACHES IN DEVELOPMENTAL DISABILITIES: SW3062/7062

Offered Fall 2018, Open to all disciplines

This course focuses on best practice approaches to working with individuals with developmental disabilities and their families/caregivers in a variety of settings, including community-based settings, clinical settings, mental health services, and behavioral health services. Using a life span approach, students will develop culturally appropriate best practice skills for working with individuals with developmental disabilities and their families/caregivers with an emphasis on community inclusion and integration. Self-reflection for effective practice and professional development will be highlighted.

3 credit hour course. Meets each Monday from 1:00PM-3:50PM.

This is the third in a 4 course sequence leading to a *Certificate in Developmental Disabilities* (for undergraduates). To register, students must have completed either SW3060/7060 OR SW3061/7061. For information, contact Dr. Michael McCarthy, mccarml@ucmail.uc.edu, 513-556-3879.
